Job Postings

All Allied Health jobs are automatically posted to the ASAHP co-branded website (www.campusalliedhealth.com) and clients have full resume resume access to all candidate that have registered through the partnership.

Assistant Recruiter Program (ARP)

The "Assistant Recruiter Program" enables CampusRN Client Services Managers to act as an "assistant recruiter" and conduct 100% of the candidate outreach on our client's behalf. The client Services Manager will initially consult with the recruiter to gain the knowledge they need to actively target/email candidates highlighting externships, jobs, events, etc. The only obligation is to review the results and update the Client Services Manager with new developments every 90 days so their efforts continue to be channeled effectively. With the "Assistant Recruiter Program", we do the work for you!

State Edition Sponsorship

CampusRN's state edition sponsorship enables you to target candidates in your state, key bordering states, or a select group of states that are an important part of your strategy. Sponsorship includes home page logo placement along the right-hand column, job postings, "Premier Partner" status and a profile page placed on all of your targeted State Edition sites.

Social Networking

Employers can gain additional visibility with participation on CampusRN2RN, the Social Network designed for nursing students, alumni, current nurses and employers to interact. Employer members can post a dynamic profile featuring facility photos/videos and build relationships with candidates in a less restrictive setting than the traditional online job posting/application process.
